Discover Tallinn

How to pronounce: TAL-IN

Economy: Tallinn's dynamic economy is driven by IT, digital innovation, and startups, earning it the nickname "Europe's Silicon Valley" while also benefiting from tourism and maritime industries.

Good to know: Explore the hidden Linnahall, a massive Soviet-era concrete structure near the harbour that offers spectacular views of the Old Town and sea from its accessible rooftop.

Surrounding area: Tallinn is situated on the northern coast of Estonia along the Gulf of Finland, featuring a hilly limestone plateau where the medieval Old Town sits, surrounded by lower-lying areas and a picturesque coastline dotted with small bays.

Best time to visit: Summer for pleasant weather and events like the Tallinn Medieval Days and Tallinn Maritime Days; or December for the magical Christmas Market, while spring offers the Tallinn Music Week and autumn brings the Black Nights Film Festival with fewer tourists.

Where to stay

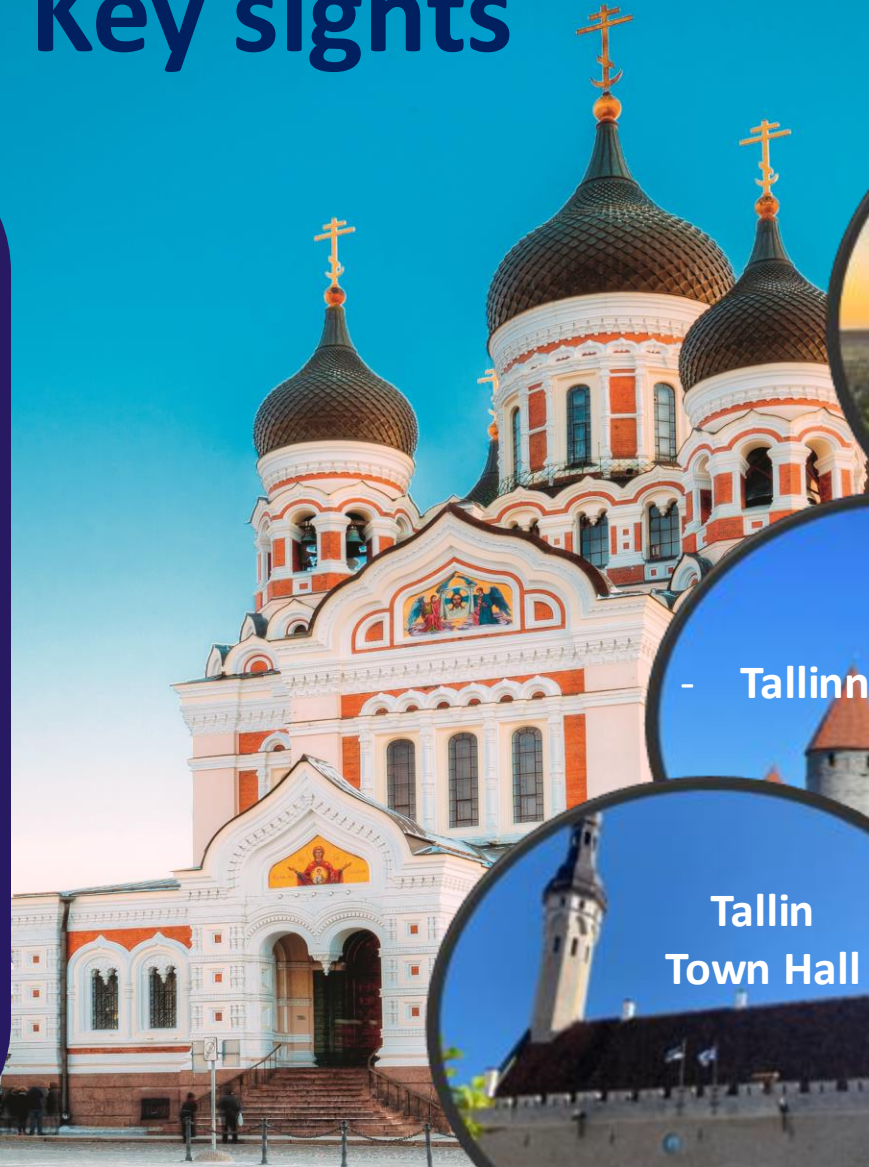

Why not recommend one of our Key Hotels

- Kreutzwald Hotel Tallinn
- Von Stackelberg Hotel Tallinn
