

TUITRADEHUB

LEARNER JOURNEY

eLearning Modules

We have a selection of eLearning modules for TUI, Marella Cruises, TUI River Cruise & Crystal Ski ready for you! Unsure where to begin? We recommend starting with the "Why Choose" modules as an introduction to the brands. From there, you can choose your next step!

Videos

We have a collection of videos across our modules, all with subtitle options available. Each video is around 3-4 minutes long, providing a quick overview of the product! Feel free to share these videos with your customers.

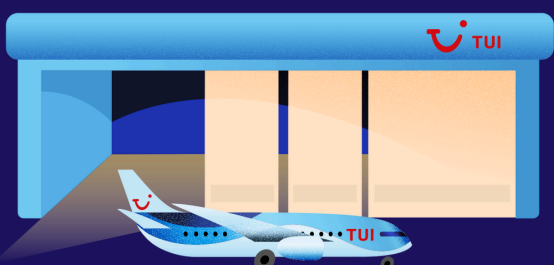

Attachments

We offer a variety of PDFs and spreadsheets throughout the site, including our latest TUI Round Up, which provides current updates on both brands, food and beverage menus, Wi-Fi costs, 360 overviews, and much more! These resources are available for download to help expand your knowledge.

Meet the Team

Get to know the friendly faces behind the brands! This section is your hub for connecting with the people dedicated to supporting you every step of the way. You'll find contact details and an inside look at the team members who are here to help make your journey a success.

Assets

We've made it easy for you to access a treasure trove of social media assets designed to help you showcase what Marella Cruises and TUI offer.

You can now proudly share your status as a TUI approved agent on social media by using our new assets - available for Facebook, Instagram, LinkedIn and X (Twitter).

Coming Soon

Once you've explored everything on the site (well done!), don't worry – we're always working behind the scenes to create new eLearning modules, add more resources!

Stay tuned!
